

## Salazar S (CA-clear)

German Shagya-Arabian Licensing Winner 2010

Born: 2004. Measurements: 160/182/21.5 cm

Breeding fee: € 600.00

Breeder and owner: Karsten Orgis

---

Salazar S has everything a performance horse needs to pass on to his offspring: outstanding and elastic gaits, dressage and jumping ability, bomb-proof and easy-going character. Already won and placed on the competition circuit. Carries the blood of performers like Bajar and Shagal. His dam is the VZAP premium and Elite mare Sahbel with 11 lovely foals including three approved sons. ZSAA licensing winner 2010; FN breeding medal. Stallion Performance Trials 2nd place and best Shagya 2010 with 7.96 points; Ministry of Agriculture Prize. Approved at warmblood licensing for Central German Sport Horse breeding.

## SALAZAR S, GERMAN LICENSING WINNER by Verena Orgis, translated by Irene Noll

At the central licensing of the ZSAA (Breeding Association for Sport Horses of Arabian Descent) in March 2010 in Hessa, SALAZAR S impressed the Approval Committee with his well-balanced and elastic gaits at all paces. He showed an uphill canter and scope, cleverness and fast forelegs in free jumping, and stayed cool and collected throughout. He was praised as a solid, typey stallion with plenty of bone and good riding horse points: elegant neck, big sloping shoulder, harmonious topline, large round quarters and long gaskins. Salazar S gained the highest number of points of all 33 stallions presented. On this occasion the Orgis family was awarded the FN silver medal for many years of quality breeding.

The dam of Salazar S is the VZAP premium and Elite mare SAHBEL by Bajar, who produced 11 wonderful foals, three of which are now licensed stallions. Her sire Bajar is held in high regard by warmblood breeders. We quote the homepage of Nordhof Studfarm, where Bajar was stationed: [www.gestuet-nordland.de](http://www.gestuet-nordland.de):

“BAJAR was the most significant Shagya-Arabian stallion in Sport Horse breeding. The grey was Shagya-Arabian European Champion and after Ramzes the most successful Arabian progenitor in sport. Bajar counts as the best Shagya Arabian in years. There are 23 approved stallions amongst his progeny, two of which are used by the Holstein Breeding Association. With Ghazzir (ShA), Babel (ShA), Bachus (out of a Holstein mare), White Girl (Trak.), highest winning German Event horse, and Bouquet (AA), Bajar erected a monument to himself. He produced many licensed stallions for Arabian and Warmblood breeding and also exceptional jumpers who won €228,022.00 in their lifetimes. His son Bachus (own winnings: €58,826.00) is a sought after sire in Holstein and Belgium (Zangersheide). Bajar is regarded as an outstanding horse in Warmblood breeding. This in spite of the fact that the Shagya-Arabian breed only comprises about 2000 head of breeding stock worldwide. In relation to this, the number of successful Sport Horses with Shagya-Arabian blood is incredibly high.”

The sire of Salazar S is SHAGAN, an international champion, advanced jumper, marathon and hunting crack. He has four licensed sons, several premium daughters and spread between Brandenburg and Bulgaria many excellent get. His progeny has size, bone, correct conformation, exceptional gaits and can jump. Shagan is CA-clear.

In August 2010 Salazar S completed his ZSAA stallion performance trials in Kreuth, South Germany. He was trained and ridden by our 17 year old daughter Vivien. He gained the second highest number of points in this tough test and was best Shagya. On this occasion the Orgis family was awarded the prize for breeding of the Ministry for Agriculture.

Two more events of Autumn 2010 are worth mentioning: Salazar S made a guest appearance at the famous Trakehner gala evening in Neumuenster and has been re-invited for 2011. And his presentation for licensing at the renowned Brandenburg Main Warmblood Stud of Neustadt/Dosse was crowned by his approval for Central German Sport Horse breeding. Salazar S is CA-clear.

We and the children are very fond of Salazar. He is sweet and easy to handle, quiet and obedient. At shows he has shown no nerves at all when confronted with fire, flapping banners and mock sword fights. He's a really cool guy!
