What is on ASAV MYSPACE?

Most of the Shagya information is from the ASAV web site. However, there are also videos, pictures, and blogs to look at. The main point of the profile is to get the Shagya name exposed, and have it linked to the ASAV site, as well as pictures and alerts such as the ASAV Newsletter, ASAV Youth Newsletter, and any newsworthy events. If you haven't already, you should check it out! You must be a myspace member to view the profile. If you have a profile already, you can view and add the ASAV profile at www.myspace.com/shagyas.

Can I send pictures to be POSTED?

If you own a Shagya stallion, mare, or foal, and you want their picture on Myspace, email that picture to kesleigh.lehman@yahoo.com as an attachment. Please mention the sire and dam of your horse. You can also do the same if you have a Shagya for sale, and you want their picture on myspace. You can also email pictures of you and your Shagya at events. In addition to the previous required information, please include your name, where you were at, and what you placed if you were at a show.

Youth! Please email pictures of you and your Shagya Arabian at kesleigh.lehman@yahoo.com and it will be posted. Please mention your name, horse's name, sire and dam's names, where you were at, and what you placed if you were at a show.
